

## ENVIRONMENT POLICY

Klau Geomatics Pty Ltd recognise our responsibility to meet environmental sustainability. We are committed to the continuous improvement of our environmental performance. This policy is to be achieved through the introduction and maintenance of the Safety Management Plan which has its aims:

- We aim to conduct our activities with a minimum of disturbance to the natural environment.
- Ensure that all employees and contractors receive appropriate training to fulfil their individual environmental responsibilities.
- Proactively pursue the identification of all hazards and eliminate or, if not possible, manage the risk to as low as reasonably practicable.
- Implement strategies to minimise pollution, manage waste effectively, use water and energy efficiently and address relevant cultural heritage and biodiversity issues.
- Education of all employees in the use of established procedures and safe working practices, through formal and informal training programmes.
- Formally monitor, audit, review and report annually on our environmental performance.
- We strive to be as resource efficient as possible.

All employees are fully aware and understand the purpose of the Safety Management Plan, and to comply with it in recognition of their responsibility to the workplace and community.
